

**REQUEST FOR PUBLIC COMMENTS  
ON DRAFT AIR PERMIT  
REGULATING THE EMISSIONS OF AIR POLLUTANTS**

**(Docket No. 06-CA-PA-15)**

Pursuant to Hawaii Revised Statutes (HRS), Chapter 342B-13 and Hawaii Administrative Rules (HAR), Chapter 11-60.1, the Department of Health, State of Hawaii (DOH), is requesting public comments on a **DRAFT PERMIT** presently under review for:

**Temporary Covered Source Permit (CSP) No. 0242-01-CT**

Application for Modification No. 0242-07

Goodfellow Brothers, Inc.

780 TPH Stone Processing Plant with 1,000 kW Diesel Engine Generator and 700

TPH Mobile Stone Processing Plant with Integral Diesel Engines

Located at various temporary sites, State of Hawaii

The **DRAFT PERMIT** is described as follows:

Temporary Covered Source Permit No. 0242-01-CT would grant conditional approval to operate the following equipment at various temporary locations throughout the state:

- a. Non-Mobile Crushers
  - i. One (1) primary crusher;
  - ii. One (1) secondary crusher;
  - iii. One (1) tertiary crusher;
  - iv. One (1) 1,000 kW diesel engine generator (LP-84, LP-121, LP-130);
  - v. Three (3) screens - limited to one (1) mobile screen (K-145, K-147, or K-155);
  - vi. Four (4) storage piles; and
  - vii. Various conveyors.
- b. Mobile Crushers
  - i. One (1) Mobile Jaw Crusher (K-148, K-149, K-150, K-151, or K-164);
  - ii. One (1) Mobile Cone Crusher (K-152);
  - iii. One (1) mobile screen (K-145, K-147, or K-155);
  - iv. Two (2) storage piles; and
  - v. Various conveyors.

The applicant is proposing to add three 420 TPH mobile screens and one 400 TPH mobile jaw crusher to the inventory of equipment covered by this permit. The three mobile screens are powered by a 96 hp diesel engine and are currently permitted under Noncovered Source Permit (NSP) No. 0584-01-NT. Once the modification is complete, NSP No. 0584-01-NT will be closed. The screens are track-mounted and use the integral 96 hp diesel engine to power the drive train and screen.

The new 400 TPH mobile jaw crusher is identical to a few of the mobile jaw crushers currently in applicant's inventory. The mobile jaw crusher is track-mounted and uses a 300 hp integral diesel engine to power the drive train and the jaw crusher.

The potential emission increase of particulate matter from the proposed modification is estimated to be less than one ton per year at each location. No other emissions increases are expected from this modification.

The crushers covered under this permit, including the new 400 TPH mobile jaw crusher, are subject to the federal Standards of Performance for New Stationary Sources, Title 40 CFR, Part 60, Subpart OOO. The draft permit, if approved, will supersede the current operating permit in its entirety.

The **ADMINISTRATIVE RECORD**, consisting of the **APPLICATION** and non-confidential supporting materials from the applicant, the permit review summary, and the **DRAFT PERMIT**, is available for public inspection during regular office hours, Monday through Friday, 7:45 a.m. to 4:15 p.m., at the following location:

**Oahu:**

- Clean Air Branch, Department of Health  
919 Ala Moana Boulevard, Room 203, Honolulu, Oahu 96814

**Maui:**

- Maui District Health Office, Department of Health  
54 High Street, Room 300, Wailuku, Maui

**Hawaii:**

- Hawaii District Health Office, Department of Health  
1582 Kamehameha Avenue, Hilo, Hawaii
- Sanitation Branch, Keakealani Building, Department of Health  
79-1020 Haukapila Street, Room 115, Kealahou, Hawaii

**Kauai:**

- Office of the Chief Sanitarian, Department of Health  
3040 Umi Street, Lihue, Kauai

All comments on the draft permit and any request for a public hearing must be in writing, addressed to the Clean Air Branch at the above address on Oahu and must be postmarked or received by September 11, 2006.

Any person may request a public hearing by submitting a written request that explains the party's interest and the reasons why a hearing is warranted. At the sole discretion of the Director of Health, DOH may hold a public hearing if a hearing would aid in DOH's decision. If a public hearing is warranted, a public notice for the hearing will be published at least thirty days in advance of the hearing.

Interested persons may obtain copies of the administrative record or parts thereof by paying **five cents per page copying costs.** Please send written requests to the Oahu office of the Clean Air Branch listed above or call Mr. Stuart Shoji at the Clean Air Branch in Honolulu at (808) 586-4200.

Comments on the draft permit should address, but need not be limited to, the permit conditions and the facility's compliance with federal and state air pollution laws, including: (1) the National and State Ambient Air Quality Standards; and (2) HRS, Chapter 342B and HAR, Chapter 11-60.1.

DOH will make a final decision on the permit after considering all comments and will send notice of the final decision to each person who has submitted comments or requested such notice.

Chiyome Leinaala Fukino, M.D.  
Director of Health
